## PERSONAL PROFILE

A highly organized and detail- oriented Educationist with knowledge of Education and physics, Known for strong leadership skills, strategic thinking, and a commitment to improving the health and well-being of communities. Eager to bring a wealth of experience and passion for service to a challenging new role in the NGO sector.

## EDUCATION

**Usmanu Danfodiyo University Sokoto**

Sokoto, Nigeria

Bsc, Education Physics

In pursuing a BSc in Educaton Physics, I engaged in a comprehensive study of physical principles and their applications in educational contexts. The program combined fundamental physics concepts with educational theory and pedagogical techniques. I explored topics such as classical mechanics, eectromagnetism, and thermodynamics, alongside methods for teaching these concepts effectively. The curriculum emphasized experimental methods, problem-solving skills, and the development of teaching strategies to convey complex physical phenomena to students. This interdisciplinary approach equipped me with a strong foundation in both physics and educational practices, preparng me to teach and inspire future students in the field of sciences.

## PROFESSIONAL EXPERIENCE

**RUWASA**

Enumerator

Sokoto, Nigeria

Jul 2024-Present

As an Enumerator at RUWASA, my roe invoves conductng household surveys to gather detailed data on water supply and sanitation in rural communitites. This ncludes recordng informaton about the number of households, gender distribution, types of latrines, and building conditons. I interact directly wth residents to ensure accurate and comprehensive data collection. My

responsibilities also include assisting in data verification and contributing to reports that support strategic planning for improved water and sanitation services. This position requires strong attention to detail, effective communication skills, and the ability to work independently in various field settings. Basic Computing using data entry tools.

#### **NATIONAL TUBERCULOSIS LEPROSY AND BURULI ULCER PROGRAM**

##### **Shipping officer**

Sokoto, Nigeria

Jan 2024-Present.

As a Shipping Officer at the National Tuberculosis, Leprosy, and Buruli Ulcer Program, my role involves managing the logistics and distribution of medical supplies and equipment. I also oversee the shipment process, ensuring timely and accurate delivery of essential items to health facilities. Responsibilities include coordinating with suppliers, tracking inventory levels, and handling the documentation for shipments. I ensure compliance with safety and regulatory standards and address any issues that arise during transportation. My role requires strong organizational skills, attention to detail, and the ability to effectively manage multiple tasks to support the program's mission of combating these diseases.

#### **NATIONAL POPULATION COMMISSION (CENSUS)**

##### **Special work force officer**

Sokoto, Nigeria

Jan 2024-May 2024

As a Special Workforce Officer at the National Population Commission for the Census, my role involved overseeing and coordinating field operations for data collection. I also managed enumerators, ensuring they were trained and equipped to accurately gather demographic information. I monitored progress, addressed any issues, and ensured adherence to data collection protocols. My responsibilities included verifying data quality, assisting in the compilation of census results, and contributing to reporting and analysis. Effective communication, organizational skills, and attention to detail were crucial for ensuring the accurate and timely completion of the national census, which supports vital demographic and policy planning.

#### **COMMUNITY AND VOLUNTEER WORK**

##### **Government day Secondary school Dange**

Sokoto, Nigeria

Jan 2023-Present

As a volunteer Physics teacher at Government Day Secondary School Dange, I am responsible for delivering engaging and comprehensive lessons in physics to secondary school students. My role includes preparing and presenting instructional materials, conducting experiments, and assessing student understanding through tests and assignments. I aim to foster a strong grasp of fundamental physics concepts while encouraging critical thinking and problem-solving skills. Additionally, I provide individual support to students who need extra help, creating an inclusive and supportive learning environment. My volunteering experience enhances my teaching abilities and contributes to the academic and growth of my students at GDSS Dange.

## PROFESSIONAL SKILLS
